Larissa's book 'The Bedside guide to S&M: How to have sizzling sex and more money in your relationship', first caught my eye thanks to the title. A very practical book it covers the two main points of stress in any relationship - sex and money - in an entertaining, readable and honest way. Larissa doesn't pull punches and whilst her writing may be too direct for some people, I found her stories and the suggested exercises to be very useful indeed.

Even if you think you know all there is about sex and money, I highly recommend checking this book out - you may just be surprised at what you still have to learn!" **Priya Chandra, Canberra ACT**

Hello YMM,

I finished your book last night... and was extremely impressed. You effortlessly jump between helpful information, kind hearted spiritual 'big picture' thinking and humour! There were times when I was laughing my ass off... Very endearing humour with funny observations on the common traits of each sex. Bloody funny...

I was in a 5.5 year relationship in my early 20's and could have used this book! You are completely adorable in every way I can see. You might be a little out of my league... but you don't lose any love by sharing hey? Yes you're cool. Teasing in all the infinite ways... petrol station idea? My god yes. And the 'worshipping' part - that's how I like to communicate and display the effect the right person can have on me. Keep it up Ms Zed Zed... you're special! **Stu G, Brisbane QLD**

"Well... I'd say that was an interesting read for sure!!! The sex kept me locked in and the tips made sense in this mad world. I'll be taking the advice on board both in and out of the bedroom. Can say it will change the way I think about money from now on. YMM is a fantastic idea and a wonderful help." **Stefan W, NSW**
